

INVITATION TO ATTEND CONFERENCE

June 15, 2023

Aircraft Airworthiness & Sustainment (AA&S) Conference
August 28-31, 2023
San Antonio Marriott River Center
San Antonio, Texas

Dear AA&S Colleague:

The Aircraft Airworthiness & Sustainment (AA&S) Conference is to be conducted on August 28-31, 2023, at the San Antonio Marriott River Center in San Antonio, Texas. The AA&S Conference will include several optional Training Courses, one day of Keystone Panel discussions and 2 days of over 40 technical presentations running in concurrent tracks over two full days.

This Conference is the premier forum bringing individuals, Industry and Aircraft Certification Authorities together to focus on existing and future certification strategies and methods, as well as ensuring existing aircraft are maintained and flown in an airworthy condition throughout the life of the aircraft.

Also included during the AA&S Conference, will be two networking luncheons in the Conference Exhibit Hall where you will be able to connect with and learn from some of the industry leaders in the latest technology supporting this field. Lastly, a sit-down luncheon will occur on the last day of the Conference where a guest speaker will provide a talk updating an important topic in the field of airworthiness and sustainment.

We hope you will be able to attend. Registration for this vital conference is available at www.aasconference.com. Questions may be directed to Ms. Jill Jennewine at Jill.Jennewine@arctos-us.com.

Thank you,

AA&S 2023 PLANNING COMMITTEE
